## ProBikeGarage launches a *bikes catalog* feature to ease bicycle status and maintenance tracking

Jun 12, 2024

[ProBikeGarage](#), the leading app for bicycle and maintenance tracking, is proud to announce the [launch of its new \*bikes catalog\* feature](#). This enhancement aims to streamline the bike setup process in the app, allowing cyclists to maintain their bikes effortlessly and let them focus on what they love most: cycling.

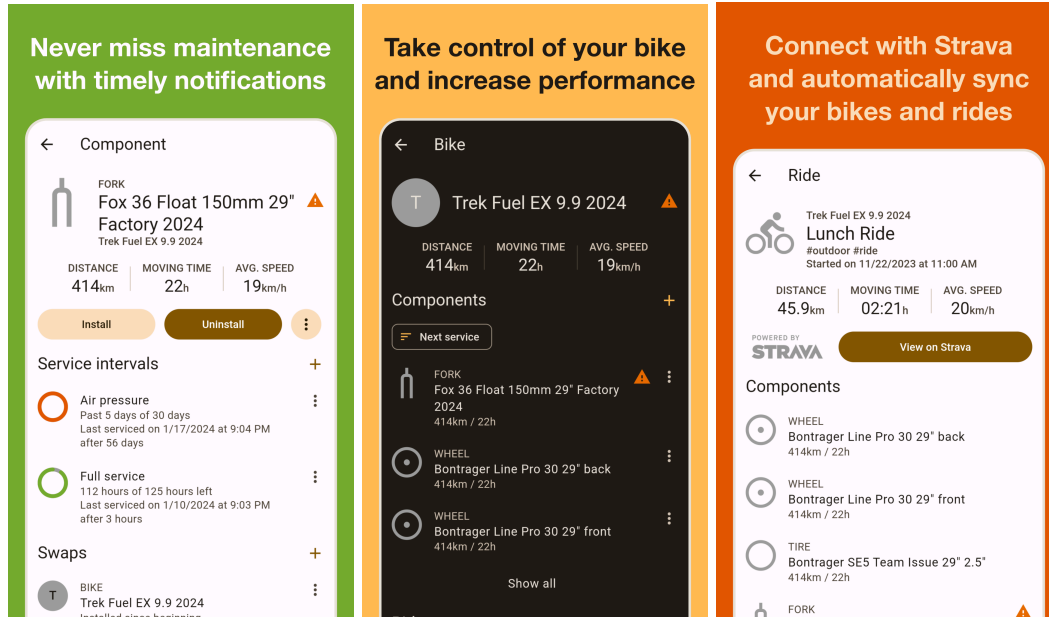

The new bikes catalog includes over 40,000 models from 58 brands, such as Trek, Specialized, Merida, MMR, and Cube. This extensive database provides users with pre-defined components and maintenance intervals for each bike, simplifying the initial setup and maintenance scheduling of their bikes.

### Key benefits of the new bikes catalog

- **Simplified bike setup:** Users can quickly search for their bike model in the catalog, removing the need for manual data entry and reducing errors.
- **Quick bike status overview:** The app provides an overall status of the bike's condition and upcoming maintenance needs after setting up a bike.
- **Detailed specifications:** Each bike entry includes a list of its components brands, models, and service intervals, ensuring the most accurate maintenance and status tracking.

### Key features of ProBikeGarage

- **Never miss maintenance with timely notifications.** Receive automatic notifications when your bike and components require some maintenance. For example, when your suspension fork reaches 100 hours of use, your waxed chain passes 400 km, or your tires achieve 5,000 km. Maximize your performance and reduce costs.
- **Track your bikes setups and monitor all your components.** Register all changes and part upgrades, compare durability and performance, record completed services, log your visits to the local shop, compare spare prices on available online stores, etc. Take control of your bike and cycling experience, and get the most out of it.
- **Connect with your Strava account for seamless integration.** Synchronize your bikes and activities from Strava and get real-time updates after every ride, so your bike is always ready for the next time.

## What are cyclists saying about ProBikeGarage

*"Easy to keep track of everything. On trainer or outside, it keeps track automatically of everything"* – user on the App Store.

*"Can save you lots of money and unnecessarily worn drivetrain parts. I cut my chain wear in half since I started using it."* – user on Google Play.

*"Love the upgrade, brilliantly done!"* – user on Google Play.

*"It works really well for keeping track of chains and wax intervals. Does well with tracking wheels, tires, cassettes, and other items that move between bikes or change on the same bike."* – user on the App Store.

*"Makes cycling life so much easier."* – user on Google Play.

## Download ProBikeGarage

ProBikeGarage is available for download for iOS devices on the App Store and Android devices on Google Play.
